LES DAMES EXHIBITION

Les Dames Asia Exhibition.

The “Les Dames Asia” project distinguishes itself through its graphically reduced style, the severity of which is softened however, by the use of mischievous details.

“Les Dames Asia” are effective when viewed both individually or as part of a complete series, and they were last to be seen in the Katapult Gallery in Basel.

The exhibition lasted from the 5th of April to the 18th of May, 2013.
