

CATALINA **MARTIN**

Catalina Martin Visual Artist

The Swiss-Colombian dual citizen Catalina Martin aka Catherine Martin works as a freelance graphic designer and art director for direct clients as well as for selected advertising and branding agencies. On the other hand, she dedicates herself to independent art projects under her Colombian name Catalina Martin.

Her art project “Les Dames” captivates with its wonderful changeability. The basic idea is to show different characters with minimal changes. Nekish and playful – just like women are in everyday life.

Catalina Martin presents the artworks in her studio in Zurich by appointment: info@catalinamartin.com
