## Preface Les Dames.

The underlying idea is to depict different characters with minimum changes.  
Changeable, surprising, cheeky – just the way women are in everyday life.  
With a few strokes, small but crucial details are modified, thus unfolding an astonishing effect.

**“Les Dames” are characterised by a clear language of forms,  
although their appearance is playful – variable –  
cheerful – colourful – sad – coy – graphic – female.**

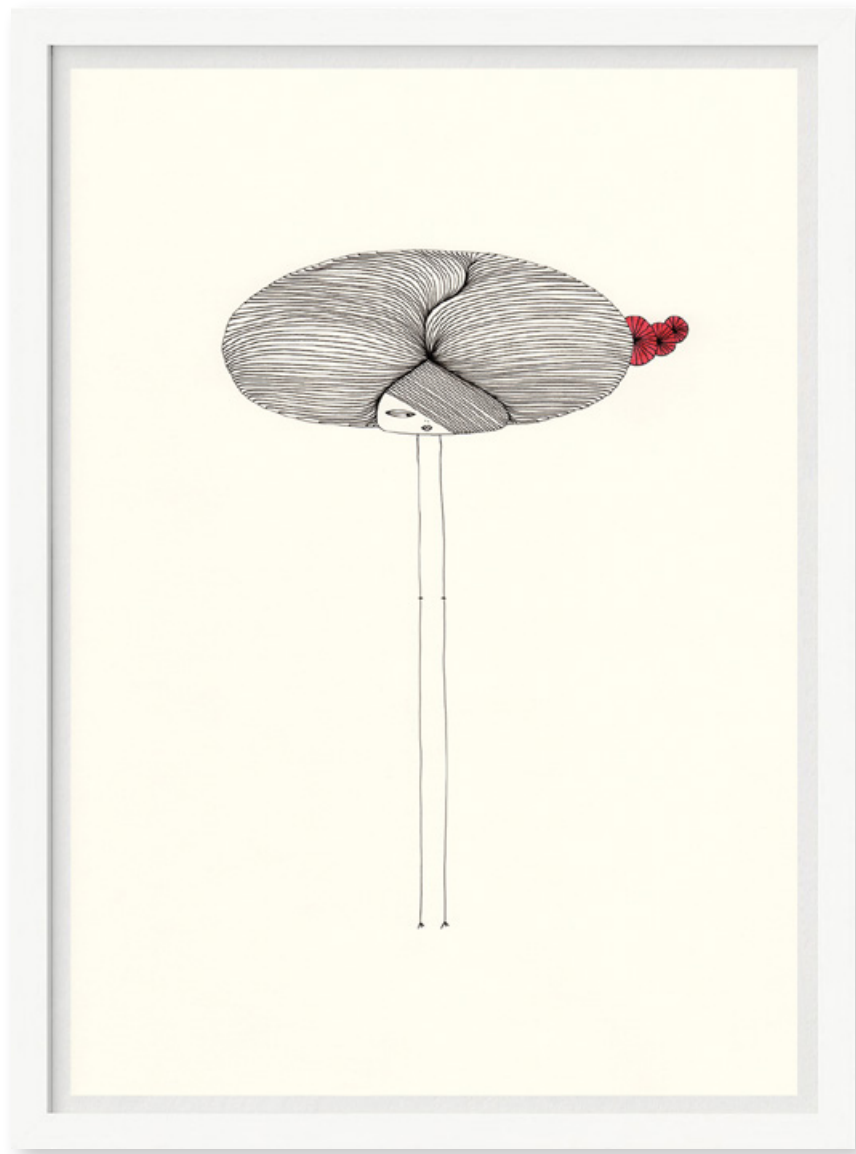

Each work is unique.
